

AD Enclosure - Booster - MI8 Spur

Search and Secure Procedure

MI8 Spur

BoosterMI8.V1.0

1. "B" enters the MI8 spur, while "A" holds at the entrance.
2. "B" resets Interlocks box #6.
3. "B" checks the stair well to Interlock box #7 and resets it.
4. "B" looks downstream towards Interlock box #6, then continues.
5. "B" resets Interlock box #8, the stairwell has optical lights to check if anyone tries to use the stairwell to get behind "B".
6. "B" sweeps the area; the AC unit, sump pit, before continuing up the stairs.
7. "B" resets Interlock box #9.
8. "B" and "A" make eye contact, "A" proceeds to step 10.
9. "B" checks the MI8 spur side of the kickers, waits until making eye contact with "A", may need to crouch under the Kickers to see "A". "B" backtracks via MI8 Spur - Booster hallway to join "A" at interlock box #10.
10. "A" proceeds to interlock box #10, checks the Booster side of the Kickers, make eye contact with "B", reset interlock box #10 and waits for "B".
11. "B" and "A" can now continue with the Booster search and secure.
